

## Art-Music-PE

### 3rd-5th Elementary Students

<p>May 1st is May Day, a day to surprise someone with flowers! Select a drawing or activity from this playlist to do. <a href="#">Art for Kids Hub, Flower Playlist</a></p>	<p>Go to your music teacher's google classroom and choose an activity from there</p>	<p>Check out the <a href="#">Move it in May</a> calendar for things to do when you don't know what to do</p>
---	--	--

Week 6: Choose 1 or 2 activities in each category (Art, Music, PE) each week

<b>Art</b> 	<b>Music</b> 	<b>PE</b> 
<p>Imitate <a href="#">Giuseppe Arcimboldo</a>. Using objects that have meaning to you, create a portrait of yourself. The story, <a href="#">A Day with No Crayons</a> also has a good example of this!</p>	<p>Cinco de Mayo (May 5th) is a holiday celebrated in Mexico and the United States. Watch a video to learn more about Mariachi music, instruments, and traditions. <a href="#">Mariachi Video</a></p>	<p>It's a great day to get out and JUMP ROPE!! Try some of these <a href="#">jump rope songs</a> out. Don't have a jump rope? Find a long rope, extra long towel or check out how to recycle <a href="#">t-shirts</a> or <a href="#">bags</a> and make your own rope.</p>
<p>Make a picture of an important memory. What was so special about this memory? This activity asks you to document it and try to understand why it was so important to you. The story "<a href="#">Tar Beach</a>" by the artist Faith Ringgold is about memories from her childhood.</p>	<p>Star Wars Day is May 4th. (May the Fourth be with you). Let's celebrate by doing some activities related to Star Wars: Instead of using boomwhackers, pick something around your house to play along. Examples could be: pots or pans, kitchen utensils, plastic cups,</p>	<p>Knowing an <a href="#">emergency contact</a> is a life skill! Test your knowledge of important numbers you know while getting in some movement</p>
